

## Madison House Sells Entire Crop at Average of \$70.50

### Records Broken on Richmond Market This Afternoon When J. W. Tatum's Weed Sells at Remarkable Price

Previous records went over at the old Madison Warehouse this afternoon when the entire crop of J. W. Tatum sold for \$70.50 a hundred pounds.

The excitement was intense on the market as each basket went under Col. Cobb's hammer. The top basket sold at 80 cents a pound and the bottom at 60 cents.

Manager Elmer Deatherage was congratulated on all sides upon making such a wonderful showing at his sale, and naturally Owner Tatum was not displeased. Such prices have never been heard of before on any market in this part of the country, and the Richmond market is beating them all. There isn't a doubt but that the weed where in the burley belt. ## Fine Young Madison Boy Was Killed In France

Relatives and friends regret to learn that First Lieut. S. B. Marcum was killed in action October 15th. He had been in service 12 years and was among the first to go to France. He was raised an orphan boy. His father, Attorney Pharis Marcum, died when he was five years old, and he was raised in Madison county by his sister, Mrs. William Asher, where his mother, Mrs. Christiana Marcum, makes her home. He had many friends to mourn his departure. His sister, Mrs. Asher, had a letter dated September 26th, in which he said he was on the firing line and if he got by would take Christmas with her. But the sad news came. He is survived by his mother, Mrs. C. Marcum, and one brother, J. L. Marcum, of Louisville, three sisters, Mrs. Asher, of Boonesboro, Mrs. Ella Burns, of Clay county, and Mrs. Belle Murrell, of Clay county.

The little ten-year-old son of Mr. Allen Douglas had his right leg crushed this morning by falling off the back of a buggy in which his father was driving to town from his home on the Irvine pike. In some way his leg was caught between the spokes of the wheel. He was taken immediately to the Gibson hospital where after an examination, it was found necessary to amputate the member at the knee. The little fellow is as comfortable as possible this afternoon.

**FROM CORPORAL JOHN TRACY.**  
His parents here have received a letter from Corporal John Tracy who is with the American army in France. He writes:

Somewhere in France, Dec. 2, 1918  
My Dear Mother and All:—Will write you a few lines tonight to let you know that I am still living. Hope you are the same. I am sure glad that the war is over for we were in second line trenches and you could hear the shells whizzing over our heads. We started for France the first of September and landed on the 13th at Liverpool. We crossed the English Channel. I have seen some towns shot all to pieces. I have been over a good deal of France and saw one shell hole about 60 feet across and 25 feet deep. We were on the Verdun front when the shooting stopped. I have been in about ten miles of Metz. From what they say about it, it sure is some place. Our company is in three different places now. You ought to see the bed I sleep on. It is made of wire and plank. There are eight of us sleeping on it. We have candles for a light and you know what kind of light they make. I would like to get a shot at some of the Huns. **CORP. JOHN TRACY.**

## OFFICIAL NEWS ONLY OF PEACE COUNCIL

**Draws Vigorous Protests From French Newspapers and American and English Correspondents.**

Paris, Jan. 16—The Supreme Council of the five great powers resumed its sessions this morning. Impression prevailed following a protest against the decision of the council restricting all news of its sessions to formal communiques that some statement might appear in tonight's communique.

The French newspapers this morning freely criticize the council's decision and American and British newspaper correspondents have entered vigorous protests.

Apparently the protests have made a decided impression inasmuch as the Council after considering the subject, decided to call a meeting this afternoon to be attended by the press representatives and representatives of the various nations to interchange views on publicity methods. The Council will discuss the Russian situation and announced it would be jointly examined later after the various governments had exchanged views.

## A WORKING GIRL'S LIFE

Day in and day out, month after month, she toils. Often she is the bread winner of the family and must work that others may live. Rain or shine, warm or cold, she must be at her place of employment on time. Such girls are asked to try that most successful of all remedies for woman's ills, Lydia E. ## UNITED STATES DRY A YEAR FROM TODAY

**Nebraska Completes List of States Necessary To Ratify Nation-Wide But Distillers Die Hard.**

Chicago, Jan. 16—The United States today completed the legislative process of voting itself dry when Nebraska, the 36th state to take such action, and ratified the national prohibition amendment.

Prohibition leaders declare the accomplishment the greatest piece of moral legislation in the history of the world.

The amendment prohibits the manufacture and sale of intoxicating beverages and is effective one year after date of final ratification.

Meanwhile the nation goes dry July 1st next by Presidential proclamation as a war measure unless the President rescinds it before that date. Congress passed the resolution submitting the amendment to various state legislatures in 1917. Mississippi was the first to ratify in January, 1918. The same year 14 other states took similar action. Michigan was the first to act this year and from that date the legislatures have acted rapidly.

Meanwhile a distillers committee has announced that in 22 states the constitutions require a referendum vote of the citizens to ratify the amendment.

Already a test case has been filed in California and distillers with a million dollars available are said to be planning a supreme effort to save their business.

## MISSOURI KICKS IN.

Jefferson City, Mo., Jan. 16—The Missouri legislature today ratified the federal prohibition amendment.

## UNANIMOUS IN WYOMING.

## Distilling Interests To Turn Plants To Other Uses

New York, Jan. 15—Distilling interests of the country, anticipating enforcement of nation-wide prohibition a year hence, have completed plans for converting their manufacturing plants and for the export of their whiskeys and other spirits now in bond, Norman R. Sterne, president of the Trans-Oceanic Distillery Corporation, declared here today. His corporation is one of the largest manufacturers of alcoholic liquors in the country, capitalized at a million dollars. Asked to what particular purpose the distilleries will be converted Sterne said he is not ready to announce. Sterne described the situation in regard to the disposal of accumulated whiskey stocks as "taking care of itself."

## A CHILD HATES OIL, CALOMEL, PILLS FOR LIVER AND BOWELS

Give "California Syrup of Figs" If Cross, Sick, Feverish, Constipated

Look back at your childhood days. Remember the "dope" mother insisted on—castor oil, calomel, cathartics. How you hated them, how you fought against taking them.

With our children it's different. Mothers who cling to the old form of physic simply don't realize what they do. The children's revolt is well founded. Their tender little "insides" are injured by them.

If your child's stomach, liver and bowels need cleansing, give only delicious "California Syrup of Figs." Its action is positive, but gentle. Millions of mothers keep this harmless "fruit laxative" handy; they know the children love to take it; that it never fails to sweeten the stomach, and that a teaspoonful given today saves a sick child tomorrow.

Ask your druggist for a bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and grown-ups plainly on each bottle. Beware of cheap imitations sold here. See that it is

## Health About Gone

Many thousands of women suffering from womanly trouble, have been benefited by the use of Cardui, the woman's tonic, according to letters we receive, similar to this one from Mrs. Z. V. Spell, of Hayne, N. C. "I could not stand on my feet, and just suffered terribly," she says. "As my suffering was so great, and he had tried other remedies, Dr. — had us get Cardui. . . I began improving, and it cured me. I know, and my doctor knows, what Cardui did for me, for my nerves and health were about gone."

### Union City.

The number of flu cases in Union City is not as great as it has been for the past three weeks.

Mr. John Oliver is a flu victim this week.

Mr. Killis McKinney is a flu victim. The people are very busy around here this week moving.

Mr. W. P. Dunbar's family is very busy this week moving into their new home on the Union pike. We are glad to know that they will still be in our community.

Mr. and Mrs. William Tribble have moved to Mrs. Will Dunn's place near here.

Mr. and Mrs. Leland Edwards are the guests of her mother, Mrs. J. O. Brooks. They have decided to make their home in this state. They will be given a hearty welcome in old Kentucky.

Mrs. Ophelia Risk and Mr. E. B. Risk are able to be out again after being confined to their home for the past two weeks with flu. They are the guests of their sister Mr. and Mrs. Luther Parke.

Mr. John Baber, a very aged man, is very ill with the flu at the home of his daughter, Mrs. Sena Parke. We are sorry to learn of his illness.

Mr. Oscar Parke is dangerously ill at his home. He has pneumonia and his many friends will be sorry to learn of his illness.

### Bend

This lovely Monday morning the sun is shining brightly. It is making the farmers select the plots for their crops for this year. Owing to the high price tobacco is bringing it is predicted that there will be the greatest crop of tobacco planted ever known. It is a mortgage lifter at the present time.

The flu is raging. There is hardly a family in College Hill vicinity but what has it. Owing to the bad condition of the dirt roads, medical aid can not be had. This is a good plea for more pikes.

Robert Tribble has moved to the Andy Owens place near Waco, which he has recently bought.

Levi Richardson had a valuable mule to die last week.

Gip Witt bought 40 1,000-pound steers to his river farm. They are of the best quality.

Ed Ellington returned from Richmond where he had been with his tobacco. He was pleased with the price. He says it is more tobacco. It will bring the collateral.

Dudley Clay Berryman who has just returned from Camp Taylor, where he has been for 15 months, is helping to wait on those who have the flu. From the experience he had at Camp Taylor he is doing a great and good work, owing to the scarcity of doctors.

The Bend still sends some students to Berea every week. Robert Congleton went this week.

James D. Congleton is running his fodder cutter to its full capacity. He is behind with his work. He cannot accommodate those who want their fodder cut.

November 11th was a noted day. January 13th is another, when the brains of the world meet around the peace table to adjust matters which will govern the world for all time to come.

## YOU MEN WHO PAY THE FAMILY SHOE BILLS

Tramping 18 miles a day, Mr. H. M. Foreman, a mail carrier of Allentown, Pa., found that shoes with ordinary soles last about one month. But he says a pair of Neolin-soled shoes gave him more than nine months of service, in which time he walked over 4,000 miles.

His experience shows how you may save shoe money by providing your family with Neolin-soled shoes, which give extra wear where other shoes wear out quickest.

You can get Neolin-soled shoes in any type of shoe you want. Prices are about the same as for shoes that give only ordinary wear; sometimes they are even less. If your dealer hasn't the style you want, he can get it for you quickly. Remember, Neolin Soles are created by science to be what soles should be. They are available everywhere for re-soles as well as on new shoes. They are made by The Goodyear Tire & Rubber Company, Akron, Ohio, who also make Wingfoot Heels—guaranteed to outwear any other heels.

## News of the Oil Fields

In Lee county Williams, Tomlinson Company is drilling its initial well on the Hieronymus tract of 20 acres adjacent to the Pendergrast. This also joins the 48 acre Hieronymus tract sold by the Southwestern Petroleum Company to J. H. McClurkin of Winchester, which contains one well.

Early in the spring about 15 wells will be put down in Owsley county, which will be thoroughly tested but.

The Gaines Oil Company brought in one of their best wells on Ross Creek Saturday morning. Estimated between 75 and 100 barrels. The well filled up about 200 feet without any gas pressure behind it to force the oil out, indicating a long lifted well.

This makes four wells on their Ross Creek property. The company is doing everything possible to get things in shape for further development of their property both in Estill and Powell counties, as soon as the weather will permit. The first of the year the company engaged an expert oil man of 12 years experience, as field superintendent. This should be good news to the stockholders as it means the best possible service for all interested in the company.

## Why Take Calomel?

Dr. Thacher's Liver & Blood Syrup will do all that calomel will do and without the "after effects."

Years ago, when people were bilious, when the liver got lazy and failed to do its work or the stomach was out of condition, calomel was the standby.

By and by the users of calomel found that the "after effects" of taking the drug were as bad and more often worse than the ailment for which it was taken.

Dr. Thacher, in seeking a medicine to take the place of calomel—one that would do all the good that calomel would do, and yet leave none of its evil effects perfected Dr. Thacher's Liver & Blood Syrup. This was in 1852, and each year since has added to the confidence of those who have used it.

Miss Susie Brewer, of Chattanooga, Tenn., tried calomel. She was suffering with a very serious cold and gripe and had no appetite whatever. After the calomel failed she tried Dr. Thacher's Liver & Blood Syrup. She felt better after taking three doses and she soon got entirely well. "I think Dr. Thacher's Liver & Blood Syrup is a wonderful medicine," she said, "and I am very thankful I tried it."

For nearly three quarters of a century this sterling preparation has been an "old stand-by" in thousands of homes in treating rheumatism, dyspepsia, indigestion and other stomach and liver complaints. It is a powerful tonic and blood purifier and can be used with the utmost confidence.

Write Thacher Medicine Co., Chattanooga, Tenn. for a copy of "Thacher's Family Doctor," a book giving cause, symptoms and treatment of 47 common diseases.

# McCombs Producing & Refining Co.

Incorporated

Producers, Transporters, Refiners, Marketers

An open letter from Chas. W. Bell, of Kentucky

Former State Insurance Commissioner and Noted Educator

January 9, 1919

Mr. Felix Renick, Secy.  
McCombs Producing & Refining Co.,  
Louisville, Kentucky.

Dear Mr. Renick:  
I have spent the last three days looking over the Lee County oil fields. Naturally I saved the best for the last and yesterday visited the Butcher-Hargis lease. To say that I was pleased is putting it very mildly. Of course everything is shot to pieces at the present, on account of the demoralization incident to the Holidays, the deep snow, the bitter cold, etc., but I found on your lease six drills running.

Butcher No. 4, yesterday morning, January 8, pumped a 250 barrel tank full in exactly two and one-half hours. I saw this with my own eyes and I know it to be true, and I learned from an independent gauger and others in no wise interested, that this same Butcher No. 4 was in the habit of doing that frequently. The pipe line cannot accommodate, as you know, this and your other wells.

I did not go into the country with anybody interested in your company, and I am more than satisfied with what I saw. You are at liberty to use my name at any time for what it is worth, and if there is anyone who doubts the worth of the Butcher-Hargis lease all he will have to do is to go and see what is being done there.

An old well-driller who has never been connected with your company, and who is now in the employment of the company adjacent to yours, told me that he considered this the most valuable piece of property in the Big Sinking district.

I congratulate the company and the stockholders on this piece of property.

Sincerely,  
CHAS. W. BELL.

## Christmas Savings Club

For the New Year we have decided to discontinue the Christmas Savings Club to substitute in place thereof "The Liberty Bond Club," which will be conducted on almost the same plan as the Christmas Savings Club, the only difference being amount of payments, which are as follows:

The Club will run for 50 weeks and the payment will be \$1 per week or \$2 per week. On the completion of the payment of the cards the holder thereof will be entitled to a \$50 Liberty Bond or a \$100 Liberty Bond, plus the last coupon maturing.

This will be making your deposit bear interest, instead of running without.

We shall be very glad to see your name on our list as a member of this Club.
